My dear Cornelis:

I love to think that you are doing well. I telephoned to the Hospital this morning after I heard from Leopold, to enquire for you. I wish I knew you were in N.Y. I would have come to see you before your operation. You would have been glad to have a friend when

away from your dear ones - I received a letter from Cecilia, but it was too late. you were already in N.Y. when I received it.

I wrote to Leopold and only heard to day that you arrived last Friday. I am glad however that it is all over. I hope you will gain your strenght rapidly and be better than you have ever been - and return to your dear family in perfect health. I know Leopold is doing every thing that is necessary for you, but if I could do any thing for you, I shall be most happy to be of service - When your Doctor will allow you to see people, I will come to see you. I hope to see you soon.

With kindest regards and best wishes from

Your Sincere friend
